A PERSON WHO KNOWINGLY OR WILLFULLY PRESENTS TO THE SCHOOL DISTRICT ANY FALSE INFORMATION REGARDING THE RESIDENCY OF A STUDENT FOR THE PURPOSE OF ENABLING THAT STUDENT TO ATTEND ANY SCHOOL IN THAT DISTRICT IS GUILTY OF A CLASS C MISDEMEANOR.

Dear Parent(s)/Guardian(s),

We now have the ability to enhance your child's education through the use of the Internet. The Internet offers vast, diverse, and unique resources. The District's goal in providing this service is to promote educational excellence by facilitating resource sharing, innovation, and communication. Your authorization is needed before your child may use this resource.

The Internet electronically connects thousands of computers throughout the world and millions of individual subscribers. Students and teachers may have access to:

- Limited electronic mail communication with people all over the world
- Information from government sources, research institutions, and other sources
- Discussion groups
- Many libraries, including the catalog to the Library of Congress, and the Educational Resources Information Clearinghouses (ERIC).

With this informational opportunity also comes responsibility. You and your child should read the enclosed **Authorization for Internet Access** and discuss it together. The use of inappropriate material or language, or violation of copyright laws, may result in the loss of the privilege to use this resource. Remember that you are legally responsible for your child's actions.

The District takes precautions to prevent access to materials that may be defamatory, inaccurate, offensive, or otherwise inappropriate in the school setting. On an unregulated network, however, it is impossible to control all material and a user may discover inappropriate material. Ultimately, parent(s)/guardian(s) are responsible for setting and conveying the standards that their child or ward should follow. To that end, the School District supports and respects each family's right to decide whether or not to authorize Internet access.

Please read and discuss the **Authorization for Internet Access** with your child. If you agree to allow your child to have an Internet account, sign the **Authorization** form and return it to your school.

AUTHORIZATION FOR INTERNET ACCESS

(Each student and his or her parent(s)/guardian(s) must sign the Authorization before being granted unsupervised access. Please read this document carefully before signing.)

All use of the Internet shall be consistent with the District's goal of promoting educational excellence by facilitating resource sharing, innovation, and communication. This **Authorization** does not attempt to state all required proscribed behavior by users. However, some specific examples are provided. The failure of any user to follow the terms of the **Authorization for Internet Access** will result in the loss of

privileges, disciplinary action, and/or appropriate legal action. The signature(s) at the end of this document is legally binding and indicates the party who signed has read the terms and conditions carefully and understands their significance.

Terms and Conditions

1. **Acceptable Use**—Access to the District’s Internet must be for the purpose of education or research, and be consistent with the educational objectives of the District.
2. **Privileges**—The use of the District’s Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. The Building Principal will make all decisions regarding whether or not a user has violated this **Authorization** and may deny, revoke, or suspend access at any time.
3. **Unacceptable Use**—You are responsible for your actions and activities involving the network. Some examples of unacceptable use are:
 - a. Using the network for any illegal activity, including violation of copyright or other contracts, or transmitting any material in violation of any U.S. or State regulation;
 - b. Unauthorized downloading of software, regardless of whether it is copyrighted or devirused;
 - c. Downloading copyrighted material for other than personal use;
 - d. Using the network for private financial or commercial gain;
 - e. Wastefully using resources, such as file space;
 - f. Gaining unauthorized access to resources or entities;
 - g. Invading the privacy of individuals;
 - h. Using another user’s account or password;
 - i. Posting material authored or created by another without his/her consent;
 - j. Post anonymous messages;
 - k. Using the network for commercial or private advertising;
 - l. Accessing, submitting, posting, publishing, or displaying any defamatory, inaccurate, abuse, obscene, profane, sexually oriented, threatening, racially offensive, harassing, or illegal material; and
 - m. Using the network while access privileges are suspended or revoked.
4. **Network Etiquette.** You are expected to abide by generally accepted rules of network etiquette. These include, but are not limited to, the following:
 - a. Be polite. Do not become abusive in your messages to others.
 - b. Use appropriate language. Do not swear, or use vulgarities or any other inappropriate language.
 - c. Do not reveal the personal addresses or telephone numbers of students or colleagues.
 - d. Recognize that electronic mail (E-mail) is not private. People who operate the system have access to all mail. Messages relating to or in support of illegal activities may be reported to the authorities.
 - e. Do not use the network in any way that would disrupt its use by other means.
 - f. Consider all communications and information accessible via the network to be private property.

5. No Warranties—The district makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages you suffer. This includes loss of data resulting from delays, non-deliveries, missed-deliveries, or service interruptions caused by its negligence or your errors or omissions.
6. Indemnification—The user agrees to indemnify the School district for any losses, costs, or damages including reasonable attorney fees, incurred by the District relating to, or arising out of, any breach of this **Authorization**.
7. Security—Network security is a high priority. If you can identify a security problem on the Internet, you must notify the system administrator or Building Principal. Do not demonstrate the problem to other users. Keep your account and password confidential. Do not use another individual's account without written permission from that individual. Attempts to log-on to the Internet as a system administrator will result in cancellation of user privileges. Any user identified as a security risk may be denied access to the network.
8. Vandalism—Vandalism will result in cancellation of privileges and other disciplinary action. Vandalism is defined as any malicious attempt to harm or destroy data of another user, the Internet, or any other network. This includes, but is not limited to, the uploading or creation of computer viruses.
9. Telephone Charges—The District assumes no responsibility for any unauthorized charges or fees, including telephone charges, long-distance charges, per-minute surcharges, and/or equipment or line costs.

Students, parent(s)/guardian(s), and teachers need only sign this **Authorization for Internet Access** once while enrolled in the School District.

I understand and will abide by the above **Authorization for Electronic Network Access**. I understand that the District and/or its agents may access and monitor my use of the Internet, including my E-mail and downloaded material, without prior notice to me. I further understand that should I commit any violation, my access privileges may be revoked, and school disciplinary action and/or appropriate legal action may be taken. In consideration for using the District's electronic network connection and having access to public networks, I hereby release the School District and its Board members, employees, and agents from any claims and damages arising from my use of, or liability to use the Internet.

I have read this **Authorization for Electronic Network Access**. I understand that access is designed for educational purposes and that the district has taken precautions to eliminate controversial material. I will hold harmless the district, its employees, agents, or Board members, for any harm caused by materials or software obtained via the network. I accept full responsibility for supervision if and when my child's use is not in a school setting. I have discussed the terms of this **Authorization** with my child. Using a Photograph or Videotape of a Student

Pictures of Unnamed Students. Students may occasionally appear in photographs and videotapes taken by school staff members, other students, or other individuals authorized by the Building Principal. The school may use these pictures, without identifying the student, in various publications including the school yearbook, school newspaper, and school website. No consent or notice is needed or will be given before the school uses pictures of unnamed students taken while they are at school or a school-related activity.

Pictures of Named Students. Many times, however, the school will want to identify a student in a school picture. School officials want to acknowledge those students who participate in a school activity or deserve special recognition.

In order for the school to publish a picture with a student identified by name, one of the student’s parents or guardians must sign a consent form. Please complete and sign this form to allow the school to publish and otherwise use photographs and videotapes, with your child or ward identified, while he or she is enrolled in this school.

I grant consent to Hillsboro School District to identify a picture of my Child or ward, by full name and/or the school he or she attends, in any School sponsored material, publication, videotape, or website. This consent is valid for the entire time my child or ward is enrolled in _____ School. I may revoke this consent at any time by notifying the Building Principal.

Pictures of Students Taken by Non-School Agencies. While the school limits access to school buildings by outside photographers, it has no control over news media or other entities that may publish a picture of a named or unnamed student. School staff members will not, however, identify a student for an outside photographer.

Biometric Finger ID System

Dear Parent/Guardian,

The Hillsboro School District has implemented a Biometric Finger ID System. This system will be used to identify your child in lieu of ID cards or passwords. The Finger ID System does not store your student's finger print, it analyzes specific characteristics of each finger and matches them to the specific student's record.

The Biometric Finger ID System is totally secure and the finger ID that is stored in the system cannot be reproduced at any time or in any way. By using this service, your child will not have to remember a PIN number or have an ID card that could be stolen or borrowed by others.

In order for your student to begin using the Finger ID System, you will need to sign and return the attached permission form. By signing and returning the attached form, you are authorizing the Hillsboro School District to scan your student's finger so that your child can be added to the system. To reiterate, once your student has been entered in to this new system, there is no way for their finger ID information to be passed on to anyone else or have their finger ID reproduced.

We know that the Biometric Finger ID System will help make identifying students fast, easy, and secure. If you have any questions or concerns, please contact Mrs. Tracy Collins, Food Service Director at 532-2338 or tracycollins@hillsboroschools.net.

Sincerely,

Tracy L. Collins
Food Service Director

Biometric Finger ID System

Please fill in the appropriate Information below so that ID information can be generated. Your child will be asked to scan their fingerprint in order to set up ID information. However, once an ID number is generated, the scanned fingerprint will be discarded for privacy purposes. The scanner then detects only certain characteristics of the finger print for identification.

Please fill out a separate form for each child. If you have questions or concerns, please contact Tracy Collins, Food Service Director at tracycollins@hillsboroschools.net or call 532-2338.

What is Partnerships for College and Career Success (PCCS)?

In Illinois, Partnerships for College and Career Success (formerly known as Tech Prep) offers a program of study which begins in high school, continues at a post-secondary institution and culminates in a Certificate, an Associates degree, two-year certificate, or two year apprenticeship. In the past, the form a student completed to apply for PCCS credit from Lincoln Land Community College had to be brought home for signature. PCCS proficiency credit is FREE and is posted to the student's LLCC transcript upon the successful completion of the high school articulated course and any additional requirements.
