The Transportation Committee met on Feb. 24. The meeting was called to order at 10:00. Present were Dan Tester, Bryce Rupert, Adam Gregg, and David Powell.

Transportation Director Gregg gave a general report on the transportation department. He then led a discussion of the condition and needs of the current fleet. Consensus was reached that the District should seek bids for the purchase of 4 new busses. Bids for both gasoline and diesel busses will be brought to the Board for consideration. Mr. Gregg also recommended replacing two minivans and a driver's education car with 3 new minivans. Mr. Gregg will look for used fleet vans then, if that search is unsuccessful, move forward by seeking Board approval for the purchase of 3 new vans.

The meeting was adjourned at 10:45.
