NotOneMoreIL.org

We are here to effect change in our community, no matter how difficult that road may be. We are determined, committed and passionate about this mission. We will move forward with steady and thoughtful acts to accomplish these goals.

To stand united as a community to say...

- **Not One More overdose;**
- **Not One More lost spirit; and**
- **Not One More grieving heart.**

Not One More is a grassroots effort to provide awareness, education and support to those affected by drug abuse and addiction.

Our Goal Are :

- to inspire our young people to stay drug-free and be a role model to the people around them;
- to shake loose the stigma that may keep parents and loved ones from reaching out for help when this dark shadow hangs over their family;
- to know that they are not alone and do not have to deal with these things on their own;
- to place a loving, compassionate arm around our addicts and the people that love them, and to help raise them out of the dark and into a place of light, recovery and peace;
- to help fill the gap between what our state, county, cities and schools provide for services and what our community needs; and
- to work in conjunction with other government officials and other community-based organizations aimed at preventing, dealing with, and educating our community about the dangers of drugs in our cities and towns.
