WE'RE YOUR NEXT STEP

pregnancyresourcecenter

about the clinics

The Pregnancy Resource Center provides full and accurate information to each woman regarding her pregnancy through compassionate care and diagnostic medical services.

options education

The Pregnancy Resource Center educates with respect and understanding on all options: parenting, adoption and abortion. We do not perform or refer for abortion.

decisions

We believe that you deserve the chance to be fully educated before making a life-changing decision.

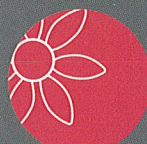

HONEST ANSWERS. REAL HELP.

ultrasound scanning

An ultrasound can give you information about your pregnancy that a pregnancy test alone cannot provide and is necessary to rule out a possible miscarriage or ectopic pregnancy.

Under the supervision of a medical doctor, our trained nurses provide limited obstetrical ultrasounds to determine if your pregnancy is viable by finding the location of the pregnancy, detecting heart activity, and estimating gestational age.

H.O.P.E. Program

Helping Others Parent through Education

What: Parenting Classes led by trained mentors for women who are pregnant or have a child less than one year of age. Dads are encouraged to attend also. We have both group and individual classes.

Where: Pregnancy Resource Center
214A Main St, Hillsboro, IL 62049

When: Classes meet once a week for an hour. Day and time will be determined based on availability. (Note: There is often a waiting list for classes, so please call if you cannot make your weekly appointment and we will hold your spot.)

How to Join: Let a staff member know you want in the HOPE Program (217-532-2241). The Program Coordinator will then put you on the list and contact you about class openings.

The H.O.P.E. Program will:

- ✓ Help you understand what to expect in pregnancy and beyond.
- ✓ Increase your knowledge of the challenges and joys of parenting and how to prepare for them.
- ✓ Give you regular opportunities to earn "Baby Bucks" to purchase needed supplies and equipment for taking care of your child.
- ✓ Give you the support and encouragement needed to be a wonderful parent.
