"The Centers for Disease Control & Prevention estimates

1 in 50 children

in the United States has been identified as having an autism spectrum disorder. One thing the data tells us with certainty -there are more children & families that need help."

- CDC Media Release 2013

TASC

is here to help!

Support Group Meetings

Support Group Meetings are held the first Thursday of every month at the Free Methodist Church, 1400 Seymour Avenue, Hillsboro, Illinois from 6:00 PM to 7:30 PM.

Quality childcare is provided at each meeting in a safe, secure and understanding environment.

Lending Library

A lending library of informational books, DVDs, resource articles, PECs, etc. are available to individuals to check out to take home and/or keep.

Guest Professionals

Professionals in the field of ASD have provided resource information & offer insight at our meetings. We have had presenters from the fields of Occupational, Speech & Behavioral Therapies, Social Services & Not-for-Profit Providers, etc. share their valuable experience with us.

Sensory Friendly Films

Eisentraut Theatres have partnered with TASC to bring families affected by Autism & other related disorders a monthly movie event designed specifically for them.

Movie theatre lights are left up & the sound is turned down. Audience members are welcome to move about and dance, walk, shout or sing. The usual "silence policy" is not enforced unless the safety of the audience is questioned. Families are allowed to bring in their own gluten free, casein free snacks. The monthly movie event is usually the first Saturday of each month at the Orpheum Theatre in downtown Hillsboro, IL
